THE COUNCIL FOR TOBACCO RESEARCH - U.S.A., INC.

July 16, 1975

Grant application No. 936R2

PULMONARY

To: The committee comprising Gardner, Sommers, Meier and Wyatt
Subject: Branislav Vidic, S.D., Georgetown University, D.C.
Second renewal application No. 936R2
"The Effect of Cigarette Smoke on Lung Metabolism"

History

A three year plan was approved by the SAB in October 1973 at a level of \$36,256 for the period January 1, 1974 through December 31, 1974. Application No. 936R1 (first renewal year, i.e., 1975) requested \$49,741, and was approved at a level of \$40,000. In June 1975 Vidic received a supplemental of \$4,800.

Request

Application No. 936R2 (second renewal) requests \$56,736 for the period January 1, 1976 through December 31, 1976.

Documents submitted (attached)

1. Application dated June 20, 1975 (6 pages).
2. Progress Report No. 2 (10 pages).
3. Two manuscripts (submitted to Jour.Cell Biology and Journal of Morphology, respectively).
4. One reprint.

Comment

- a. Salary for M. Hamosh, Ph.D. requested in this application will be used to support a replacement biochemist, if Project 2 of the P. Hamosh Program Project application (No. 1049) is approved.
- b. As progress appears to be satisfactory, this request will be handled administratively and withheld from the bulky SAB agenda for September 1975, unless you object.
